DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 18-25 to an invention non-elected with traverse in the communication filed on May 19, 2003. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

2. Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record teaches a piezoelectric device comprising a base having a pair of right and left movable parts and a fixing part that connects the two movable parts with each other at one end as well as a piezoelectric element disposed on at least one side of said two movable parts of the base, however, it fails to teach, disclose, or suggest, either alone or in combination wherein said base is constructed with one sheet of flat plate; and the fixing part has a flat plate shape. Therefore, the limitations contained on claims 1-17 are considered to be in condition of allowance.
